

Power supply 1601

With europlug, fixed voltage 24 V DC 2,5 A

Product description

- Power supply unit with Euro plug and a cable end specially designed for our Controller 1600
- Rated power 60 W
- Output voltage 24 V DC stabilized
- Input voltage 230 V AC
- Max. Output current 2.5 A
- Connection cable 1.5 m
- Dimensions (L x W x H) 125 x 95 x 35 mm
- Indoor application area
- Weight 260 g
- Output hollow plug 5.5/2.1 and low-voltage socket - open cable ends

Scope of delivery

- Power supply unit with low-voltage socket - open cable ends
