

How do I install the CLIQ Local Manager?

ou have received the following files from your CLIQ trade partner:

1. the CLIQ Local Manager Software
2. the licence file for your CLIQ master key system
3. the CLIQ master key system data (ELS)

In the following video you can see the initial installation for the CLIQ Local Manager.
Administrator rights are required for the installation!

Please note that the installation may take up to 15 minutes on site, depending on the hardware used!
