

Exit code: -2054422498

Root cause:

This error code is usually caused by the SQL Server trying to install files in a compressed folder.

To avoid this error, please make sure that the following folders are not set as "Compress content to save disk space".

- C:\Program Files
- C:\Program Files x86
- C:\Program Files\Microsoft SQL Server
- C:\Program Files x86\Microsoft SQL Server
- C:\Program Files x86\Microsoft SQL Server Compact Edition

Solution:

1. Right-click on the folder and select Properties
2. In the properties window, select "Advanced"...
3. Make sure that the "Compress content to save storage space" box is unchecked.
4. Apply change
5. After that, please restart your computer and try to run the installation again.
