

No.: CoM-827-IP.00

Product line: Electric holding magnets

Product: Model 827A-IP in all variants
Model 827—IP in all variants

Producer: ASSA ABLOY Sicherheitstechnik GmbH (Plant Albstadt)
Bildstockstraße 20
D-72458 Albstadt

Base: Degrees of protection provided by enclosures (IP Code) regarding DIN EN 60529
Dust test – IP 6X / Water testing – IP X7

For the product named above, we hereby certify that

- a) the execution was carried out in accordance with a quality assurance system containing rules for the development and production of all parts of the electric holding magnet.
- b) all components of the electric holding magnet have been selected for their intended use and are operated within their limit values if the ambient conditions outside the housing of the electric holding magnet meet the requirements of protection class IP 67 according to DIN EN 60529.

This attestation is based on:

Document	Identification	Responsibility
Test Report	Nr. 44-5/14 (Date 21.05.2014)	PIV Prüfinstitut Schlösser und Beschläge Velbert Wallstr. 41 D-42551 Velbert

This certification becomes invalid in the event of an alteration carried out on the product without our permission or improper use of the product.

Signed for and on behalf of the manufacturer by:

Stefan Zintgraf, Chief Technology Officer DACH

Albstadt at 12.05.2020
